

# Immunise against Meningococcal Disease

**Don't wait – talk to your doctor or nurse**

**Meningococcal disease can affect anyone.**

*Babies, children under 5-years-old, teenagers and young adults are at greater risk.*

*Meningococcal disease is very serious. Get your child immunised.*

**Talk to your doctor or nurse – even if your child has previously been immunised for meningococcal disease.**

**For more information about meningococcal immunisation**  
Call **0800 IMMUNE (0800 466 863)** or check the following websites:  
**[www.immune.org.nz](http://www.immune.org.nz) or [www.health.govt.nz/dontwait](http://www.health.govt.nz/dontwait)**
